The Olympian

The Car of Power, Strength, Beauty and Grace

F. O. B. Pontiac, Mich.

The Economy, Four-cylinder, fivepassenger OLYMPIAN Touring Car is the last word in modern "Four" construction. It is economical, especially in the use of gas.

> The body is true streamline, from the nose of the radiator to the tail-light. The runningboard is riveted solidly to the staunch, 6-inch frame, eliminat-

ing squeak and rattle. The new OLYMPIAN has a wheelbase of 112 inches. The inverted elliptic rear springs are set 6inches behind the rear axle giving you all the tonneau com-fort of a 118-inch wheelbase.

The powerful, valve-in-head motor is provided with Lynite aluminum pistons and a hollow crank shaft. Rocker-arms and other moving parts are enclosed in a case. The crank shaft is counterweighted-unusual on a

car of such low price.
The new OLYMPIAN actually goes out on the road and does the wonderful things a few Gasoline is fed to the Strom-

berg carburetor through the

Stewart vacuum system. A 16gallon tank is carried at the rear and protected by the overhang-

ing frame of the car.
The new OLYMPIAN uses an Auto-Lite starter with Connecticut ignition. A Motor-Eye is part of the regular equipment. A forced-feed oiling system regulates the oil-flow according to engine-speed, preventing an excess of oil at low speeds

The motor is 3 1-4 inch bore by 4 1-2 inch stroke, developing 45 horsepower. There is a slop-ing windshield and headlightdimmers. Front springs are parallel, instead of following the

slant of the frame.

The new OLYMPIAN weighs only 2150 lbs. and carries 5 passengers in comfort. You can go from 3 miles an hour to over 50 in high-certainly flexible for a 4-cylinder motor. 26 miles on a gallon of gas is usual for the new OLYMPIAN.

Serving the Nation! Serving the Community!

You, too, can contribute to the war on waste and, at the same time, serve your local community. When you DO use wheat products, use flour and feed made from wheat grown at home, milled at home and

sold at home to home people. Thus you will help reduce a traffic congestion that hinders the winning of the war. You will comply with the Food Administration's request that you buy home produced goods.

Serving Yourself

The needs of the war require that you use wheat substitutes whenever possible. But in using the

necessary wheat flour, he sure you use POLLOCK'S. Pollock Milling & Elevator Company, MEXICO,
